

REEMS CREEK NURSERY

FALL 2021 VEGETABLES

Cool Season Vegetables

REEMS CREEK
EST. **NURSERY** 1979
GARDEN CENTER
76 Monticello Road • Weaverville, NC
reemscreek.com • 828-645-3937

Not all inventory will be available at the same time. Inventory will be available as transplants are ready.

All of our farm-grown vegetables are raised sustainably using organic methods and love. **Availability is dependent on weather and other factors.** When our homegrown veggie supply runs short, we occasionally bring in conventional vegetables and label them accordingly. Substitutions may occur.

PEAS

Peas - Snow

Peas - Sugar Snap

RADISH

Radish - Comet

SWISS CHARD

Swiss Chard - Rainbow (Bright Lights)

Swiss Chard - Red

TURNIPS

Turnips - Purpletop

Basic Gardening Tips

Plant in fertile, well amended, well-draining soil in full sun. We carry many organic options to spruce up your soil. A soil test will tell you what nutrients your soil may need.

Cloudy days, or in the morning or evening, are a great time to plant. Handle seedlings carefully. Gently, yet firmly, tamp seedlings into the soil. You want the roots to come into contact with the soil.

Water thoroughly. Liquid seaweed & fish fertilizer is one of our favorites to water in, available in our Garden Shop.

Mulch will help to suppress weeds, conserve water, and improve the health of the soil. We carry hardwood mulch, pine bark mulch, and wheat straw.

Many people find raised beds to be easier to garden in, than the ground – especially with hard clay soil. Raised beds give you easy control over the soil, and can be easier on the back and knees. We do carry a raised garden bed kit and a raised-bed soil mix.

A mini-hoop house will help protect your plants from weather and pests. We carry fiberglass rods and floating row cover for building your own. [More info here.](#)
