

# REEMS CREEK NURSERY

## ROSE LIST 2023

Roses are 35 million years old according to [fossil records](#). These ancient plants enchant us with their loveliness, produce wonderful cut flowers, and many are long blooming through the growing season.

We will receive two main rose shipments in spring 2023, both around mid-April. We will continue to receive Knockout and Drift Roses throughout the season but won't be able to restock most of the other roses until Spring 24 after these initial spring 2023 orders arrive – so if you love it, buy it while it's here!

**Roses are in 3-gallon pots unless otherwise noted.**
