

# REEMS CREEK NURSERY

## ROSE LIST 2024

Roses are 35 million years old according to [fossil records](#). These ancient plants enchant us with their loveliness, produce wonderful cut flowers, and many are long-blooming through the growing season.

We receive two main rose shipments every spring, both around mid-April. We continue to receive Knockout and Drift Roses throughout the season but won't be able to restock most of the other roses until next Spring - so if you love it, buy it while it's here!

**Roses are in #3-gallon pots unless otherwise noted.**
