

REEMS CREEK NURSERY

FALL 2024 VEGETABLES

Cool Season Vegetables

Not all inventory will be available at the same time.
Inventory will be available as transplants are ready.

All of our farm-grown vegetables are sustainably raised using certified organic and OMRI-listed potting soils and fertilizers, and we only use organic pest control methods, as needed. **Availability is dependent on weather and other factors.** When our homegrown veggie supply runs short, we occasionally bring in conventional vegetables and label them accordingly.

Lettuces and Greens

Lettuce Mix - Five Star Greenhouse
Mesclun Mix
Green Butterhead Lettuce
Green Butterhead - Nancy
Red Butterhead - Alkindus Lettuce
Green Leaf Lettuce - Black Seeded
Simpson, Nevada
Red Leaf Lettuce - Lolla Rossa

Greens - Pac Choi Joi Choi
Greens - Tatsoi

Kale

Kale - Blue Curled Scotch / Vates
Kale - Dinosaur/Lacinato
Kale - Red Russian
Kale - White Russian

Kohlrabi

Kohlrabi - Garth's Purple
Kohlrabi - Garth's White
Kohlrabi - Quickstar

Basic Gardening Tips

Plant in fertile, well amended, well-draining soil in full sun. We carry many organic options to spruce up your soil. A soil test will tell you what nutrients your soil may need.

Cloudy days, or in the morning or evening, are a great time to plant. Handle seedlings carefully. Gently, yet firmly, tamp seedlings into the soil. You want the roots to come into contact with the soil.

Water thoroughly. **Neptune's Harvest Fish & Seaweed** liquid fertilizer is one of our favorites to water in, available in our Garden Shop.

Mulch will help to suppress weeds, conserve water, and improve the health of the soil. We carry hardwood mulch, pine bark mulch, and wheat straw.

Many people find raised beds to be easier to garden in, than the ground – especially with hard clay soil. Raised beds give you easy control over the soil, and can be easier on the back and knees. We do carry a **raised-bed soil mix**.

A **mini-hoop house** will help protect your plants from weather and pests. We carry fiberglass rods and floating row cover for building your own. See [Quick DIY Winter Protection Low Tunnel](#).

Interested in learning more? See our [Fall Vegetable Garden Guide](#).

Mustard Greens

Mustard - Green Wave
Mustard - Red Giant

Onions

Onion - Green Bunching

Peas

Peas - Snap
Peas - Snow

Spinach

Spinach - Bloomsdale
Spinach - Corvair
Spinach - Early Hybrid
Spinach - Unipack 251
