

REEMS CREEK NURSERY

SPRING 2025 VEGETABLES

Cool Season Vegetables

Not all inventory will be available at the same time.
Inventory will be available as transplants are ready.

All of our sister farm-grown vegetables are sustainably raised using natural and organically derived soils and fertilizers (such as kelp, earthworm castings, and oilseed extract), and we only use organic pest control methods, as needed. **Availability is dependent on weather and other factors.** When our homegrown veggie supply runs short, we occasionally bring in conventional vegetables and label them accordingly.

Lettuces and Greens

Arugula
Mix - DMR 5 Star
Mix - Simply Salad City Garden
Mix - Mesclun
Buttercrunch Lettuce - Bronze
 Mignonette
Buttercrunch Lettuce - Green
Head - Nevada, Summertime
Green Leaf Lettuce - Black Seeded
 Simpson
Red Leaf Lettuce - Lolla rossa

Cauliflower - Snow Crown

Celeriac

Celeriac - Brilliant

Celery

Celery - Peppermint Stick

Celery - Tango

Chard

Swiss Chard - Bright Lights

Collard Greens

Collards - Georgia Southern Hybrid

Collards - Top Bunch

Asian Greens

Greens - Asian Mix

Greens - Komatsuna Green

Greens - Komatsuna Red

Greens - Tatsoi

Pak Choi / Bok Choy

Joi Choi

New Nabai

White Stem

Kale

Kale - Lacinato / Dinosaur

Kale - Red Russian

Kale - Vates / Blue Curled Scotch

Kohlrabi

Kohlrabi - Purple

Basic Gardening Tips

Plant in fertile, well amended, well-draining soil in full sun. We carry many organic options to spruce up your soil. A soil test will tell you what nutrients your soil may need.

Cloudy days, or in the morning or evening, are a great time to plant. Handle seedlings carefully. Gently, yet firmly, tamp seedlings into the soil. You want the roots to come into contact with the soil.

Water thoroughly. **Liquid seaweed & fish fertilizer** is one of our favorites to water in, available in our Garden Shop.

Mulch will help to suppress weeds, conserve water, and improve the health of the soil. We carry hardwood mulch, pine bark mulch, and wheat straw.

Many people find raised beds to be easier to garden in, than the ground – especially with hard clay

Kohlrabi - Quickstar

Kohlrabi - White

Mustard Greens

Mustard - Green Wave

Mustard - Southern Giant

Leeks

King Richard

Onions

Onion - Evergreen Bunching

Peas

Peas - Sugar Snap

Peas - Snow

Ramps

Sustainably-grown by a local grower - Limited availability

Spinach

Spinach - Bloomsdale

Spinach - Corvair

Spinach - Nobel Giant

Turnips

Turnips - Purple Top White Globe

soil. Raised beds give you easy control over the soil, and can be easier on the back and knees. We do carry a **raised-bed soil mix**.

A **mini-hoop house** will help protect your plants from weather and pests. We carry fiberglass rods and floating row cover for building your own. See [Quick DIY Winter Protection Low Tunnel](#).

For more information, see our many [Garden Guides](#) on growing vegetables. You can also scan this QR code that will take you to our Garden Guides.
