

# REEMS CREEK NURSERY

## ROSE LIST 2025

Roses are 35 million years old according to fossil records. These ancient plants enchant us with their loveliness, produce wonderful cut flowers, and many are long blooming through the growing season.

We receive two main rose shipments every spring, both around mid-April. We continue to receive Knockout and Drift Roses throughout the season but won't be able to restock most of the other roses next Spring - so if you love it, buy it while it's here!

**Roses are in #3-gallon pots unless otherwise noted.**
